

THE PARK AT RIVERSEDGE

Investing in a new, vibrant public space on one of Minnesota's greatest natural resources

The Park at RiversEdge is a transformative nine-acre urban park that will connect downtown Saint Paul to the Mississippi River. This innovative project will enhance public access to a national treasure, create a dynamic community gathering space and serve as a catalyst for \$800+ million in private investment.

KEY FEATURES

9+ acres of urban park space
A vibrant community hub for public events.

Expanded Mississippi River access
Direct connections from the downtown bluff to the riverfront.

Integrated trail systems
Linking downtown Saint Paul, the Mississippi River and regional trails.

Signature component of the River Balcony
A centerpiece for riverfront revitalization projects.

PUBLIC AND PRIVATE INVESTMENT

Public Funding Secured:

- \$26M from Ramsey County.
- \$6.22M state appropriation for design and acquisition activities.

Additional Public Investment Needed:

- \$20M state funding to finalize park construction and drive private development.

The completion of public funding is vital to unlocking hundreds of millions in private development, fostering job creation, expanding the tax base, and enhancing regional amenities.
